Dear Ms. Roy:

This letter is to show my appreciation for the beautiful gifts that were given to my child, Victor  Victor is enrolled at the Thelma B. Pittman Jupiter Pre-School.

This year has been difficult for my children and myself. I have an 8-year-old child who endured two surgeries this year to correct a foot deformity that he was born with. It has been trying to say the least.

Through your donations you made it possible for my children to have a nice Christmas. Your kindness is extremely appreciated as it has helped lift the load and I feel truly blessed.

Thank you once again, and have a safe and Happy Holiday and Happy New Year.

Sincerely,
